In any stream system where construction is contemplated by the United States under the Act of Congress approved June 17, 1902, 32 Stat. 388 to 390, and known as the Reclamation Act, the Water Resources Commission shall make a hydrographic survey of the stream system, and shall deliver an abstract thereof together with an abstract of all data necessary for the determination of all rights for the use of the waters of such system, to the Attorney General. The Attorney General, together with the district attorneys of the districts affected by the stream system shall, at the request of the Secretary of the Interior, enter suit on behalf of the State of Oregon, in the name of the state, for the determination of all rights for the use of the water, and shall diligently prosecute the same to a final adjudication. 541.230 State lands within irrigated area; restrictions on sale; conveyance of lands needed by United States. No lands belonging to the state, within the areas to be irrigated from work constructed or controlled by the United States or its authorized agents, shall be sold except in conformity with the classification of farm units by the United States. The title of such land shall not pass from the state until the applicant therefor has fully complied with the provisions of the laws of the United States and the regulations thereunder concerning the acquisition of the right to use water from such works, and shall produce the evidence thereof duly issued. After the withdrawal of lands by the United States for any irrigation project, no application for the purchase of state lands within the limits of such withdrawal shall be accepted, except under the conditions prescribed in this section. Any state lands needed by the United States for irrigation works may, in the discretion of the Department of State Lands, be conveyed to it without charge. [Amended by 1967 c.79 §1]

There is granted over all the unimproved lands now or hereafter belonging to the state the necessary right of way for ditches, canals, and reservoir sites for irrigation purposes constructed by authority of the United States or otherwise. All conveyances of state land made after May 18, 1905, shall contain a reservation of such right of way and reservoir sites.

541.250 Cession to United States not rescinded. Nothing in ORS 541.220 to 541.240 shall be construed as rescinding the cession by the state to the United States of lands, as provided in chapter 5, Oregon Laws 1905.

When any such suit has been filed the court shall call upon the Water Resources Commission to make or furnish a complete hydrographic survey of the stream system as provided in ORS 541.220, in order to obtain all data necessary to the determination of the rights involved.
