

**RELEASE OF WATER FROM
IMPOUNDMENT OR DIVERSION
STRUCTURE**

541.510 Authority of Water Resources Commission to require signs warning public of stream level fluctuation.

(1) Whenever it appears to the satisfaction of the Water Resources Commission upon the commission's own determination or upon evidence submitted by any person that the release of water from an impoundment or diversion structure constructed before or after May 26, 1959, endangers or may endanger the public safety, the commission shall send a written notice to the owner or operator of the structure.

(2) The notice provided for in subsection (1) of this section shall state:

(a) That the release of water from the impoundment or diversion structure endangers or may endanger the public safety.

(b) That the owner or operator of the structure shall within a time to be set by the commission post notices downstream from the structure at places of public access to the stream to be designated by the commission warning the public that the stream level below the structure is subject to fluctuation. [1959 c.624 §1; 1961 c.379 §9a; 1985 c.673 §104]

541.515 Notice by commission when hazard created by release of stored water.

(1) Whenever it appears to the satisfaction of the Water Resources Commission, upon the commission's own determination or upon evidence submitted by any person that the present or proposed release of stored water from an impoundment or diversion structure, including any water power project, constructed before or after May 1, 1961, results in rapid increase in the stream level below the structure which creates or will create a hazard to human life or property, the commission shall cause written notice of such determination to be mailed to the owner or operator of the structure.

(2) The notice provided for in subsection (1) of this section shall state:

(a) That the present or proposed release of stored water from the impoundment or diversion structure creates or may create an unreasonable hazard to human life or property.

(b) The manner in which such unreasonable hazard to human life or property is or may be created.

(c) The action which is required, in the opinion of the commission, to minimize such unreasonable hazard to human life or property.

(d) That the owner or operator of the impoundment or diversion structure, within

15 days after the mailing of the notice, may request in writing that the commission hold a hearing on such unreasonable hazard or action required to minimize such unreasonable hazard, and that upon failure to request a hearing the commission shall make an order stating the terms, limitations and conditions of the action required to minimize such unreasonable hazard. [1961 c.379 §1; 1985 c.673 §105]

541.520 Procedure when owner or operator of structure fails to request hearing; order regulating release of water.

If, within 15 days after the mailing of the notice provided for in ORS 541.515, the owner or operator of the impoundment or diversion structure fails to request in writing that the Water Resources Commission hold a hearing, the commission shall make and file in the Water Resources Department an order stating the terms, limitations and conditions relating to the release of water from the structure necessary to minimize unreasonable hazard to human life or property as set forth in the notice. The order shall become effective upon filing a copy in the Water Resources Department. The commission shall cause a copy of the order to be mailed to the owner or operator of the structure. The order is not subject to appeal. [1961 c.379 §2; 1985 c.673 §106]

541.525 Hearing upon request of owner or operator of structure; notice and conduct of hearing.

(1) If, within 15 days after mailing of the notice provided for in ORS 541.515, the owner or operator of the impoundment or diversion structure requests in writing that the Water Resources Commission hold a hearing, the commission shall hold a hearing in accordance with ORS chapter 183 on the hazard to human life or property which is or will be created by the rapid increase in the stream level below the structure resulting from the release of water from the structure and the terms, limitations and conditions relating to such release of water necessary to minimize such unreasonable hazard.

(2) At least 10 days prior to the hearing the commission, in addition to the notice requirements of ORS chapter 183, shall cause a copy of the notice to be published in a newspaper of general circulation in each county in which the structure is located and in which unreasonable hazard to human life or property is or may be created. [1961 c.379 §3; 1971 c.734 §83; 1985 c.673 §107]

541.530 Order of commission regulating release of water.

After the hearing provided for in ORS 541.525, if the Water Resources Commission determines that the release of stored water from the impoundment or diversion structure results or will
